The Annual Report of the Chicago, Rock Island and Pacific Railroad.

THURSDAY, JUNE 20-6 P. M. On 'Change to-day the flour market was quite active in early dealings, but left off quiet and heavy. Wheat was dull. The cotton market was steady, with more doing.

MONEY FOUR PER CENT. The average and general rate for money on call was 4 per cent. An occasional lender succeeded in getting 5 per cent and a few balances were left with the government dealers at 3 per cent.

Prime sixty-day mercantile paper was quoted at 5 a 6% per cent discount. THE BANK OF ENGLAND rate was lowered this morning to 3 per cent, as against 5% per cent last week and 4 per cent two weeks since. As a consequence of this action the

FOREIGN EXCHANGE declined % a % per cent, but closed steady on the basis of 109% for prime bankers' sixty-day sterling and 110% a 110% for sight bills.

GOLD LOWER-113% A 113%. The decline in foreign exchange and the reduction of the Bank of England rate of discount, as well as cable advices from Geneva stating that the 'safety of the treaty was assured," together with the light bidding for the government gold, com-bined to cause a sudden decline in gold from 113% to 113%. But the market railled later in the day on large orders to buy, which were interpreted vari-onsly as coming from the clique and as representing a covering of some of the "short" interest. Doubtless the two reasons go together. The specie shipment was only \$105,500, of which about \$80,000 was gold. The Sub-Treasury paid out \$141,000 on account of redeemed five-twenties and \$65,000 on account of past due interest. The course of the

market is shown in the table:-

THE GOVERNMENT SALE OF GOLD. The offer of the government to sell two millions licited sixteen bids, for a total of only \$2,825,000, the prices offered ranging from 113 to 113.47. The award was made at 113.47 a 113.21.

GOVERNMENTS OCIET. Governments were quiet and in some instances a shade firmer at the close, despite the lower ruling of gold. The following were the closing quotations:-United States currency sixes, 114% a 114%; do. do., 1881, registered, 114½ a 114½; do. do., coupon, 119½ a 119½; do. five-twenties, registered, May and November, 113% a 114%; do. do., 1862, coupon, do. do., 113% a 114%; do. do., 1864, do. do., 113% a 114%; do. do., 1865, do. do., 114% a 114%; do. do., 1867, registered, January and July, 1121/4 a 1121/4; do. do., 1865, coupon, do. do., 116% a 116%; do. do., 1867, do. do., 117% a 117%; do. do., 1868, do. do., 117 a 117%; do. ten-forties, registered, 110% a 110%; do. do., coupon, 11134 a 1134; do. fives of 1881, registered,

THE BAILROAD BONDS. The railroad bonds were steady and quiet. The Boston, Hartford and Erie mortgages were neglected, with nothing doing in the plain bonds and 60 the best bid for the guaranteed. The total mortgage on the Boston, Hartford and Erle road is \$20,000,000, \$5,000,000 of which is guaranteed by the Erie Rallroad Company. On the \$15,000,000 of the anguaranteed bonds there are five overdue coupons of \$35 each, amounting to \$175, making the present cost of a 7 per cent bond of \$1,000 only \$245—the market price being 42. On the 1st July there will be due on the guaranteed bonds six overdue coupons of \$35 each, amounting to \$210, making the present price of a \$1.000 guaranteed bond at 64 equal to \$430. When the proposed connection to Fishkiil, about sixty-six miles of road, is built, the company will own and operate a line of 374 miles. The completion of this gap will enable the large coal companies to run coal direct from the mines to Boston, Providence and all parts of New Eng. land, affording the cheapest and most direct route. The Delaware and Hudson Company are especially desirous of obtaining this outlet. By the terms of the mortgage the title in fee simple to the whol road and all its rights will vest in the bondholders on the expiration of eighteen months' notice, which has been given, expiring in April next, unless the stockholders pay "all principal and interest due" on

SOUTHERN SECURITIES IRREGULAR. The Southern State bonds were irregular, with more doing, particularly in the Tennessees, which advanced to 75 on large purchases by parties sup posed to have been "short" of them previous to the measures adopted by the Legislature a couple of winters ago, whereby the State credit has been so wonderfully improved. A Baltimore advertise- 200

ment, calling for proposals of \$20,000 of the co pons, had also considerable influence in causin the advance of fully two per cent to-day. The South Carolinas were weak, and the new Julissues declined to 32. It seems that the ware house company entrusted with the registration of the bonds wanted to exact commission of one per cent for their service This excessive fee was complained of to the committee of the Stock Exchange, who succeeded it negotiating a reduction of the charge to one qua ter of one per cent, or \$2 50 for every one thousand dollar bond. Much feeling is expressed against the action of the State of Louisiana, for using the bond action of the State of Louisiana, for using the bonds of the Sinking and Literary funds for the purpose of paying off the floating debt of the State, and Louisiana secutites are dull, not to say flat. STOCKS DULL AND FIRM.

The stock market was duli and thinly attended many of the leading brokers being absent at the regatta of the New York Yacht Club. The new from London of the reduction of the bank rate to a per cent and the seemingly good humored progress at Geneva had the effect of strengthening prices and the market was higher to the extent of 1/2 a 3/2 per cent and firm, until just at the close, when there was a little yielding from the best points of the day. Eric opened at 55 and gradually declined to 52% in its efforts to find the level of the London market. Canton sold at 101%.

It is well known that the company, by action of their Board of Directors, approved by vote of the stockholders, endorsed the bonds of the Chicago and Southwestern Railway Company to the extent of \$5,000,000.

Owing to various causes, prominent among which

and Southwestern Railway Company to the extent of \$5,000,000.

Owing to various causes, prominent among which may be named the want of bridge and railroad connections at Leavenworth, short crops caused by drought and insects through a considerable portion of the territory-traversed by the road, and the derangement of business caused by the Ohicago fire, the carnings of the line thus far have not equalled the expectations of the Board.

It has been found necessary, in order to complete, equip and operate this line, to expend a large sum, about five hundred thousand dollars, in excess of the entire earnings, which has been taken from the surplus earnings of the main line, and charged to account of construction of Chicago and Southwestern Railway.

A considerable additional amount will yet be required to furnish side tracks, water and station accommodations, fencing, ballasting, &c., &c. Balance sheet of the Chicago, Rock Island and Pacilic Railroad Company, April 1, 1872:—

were each laid over, in accordance with the following suggestions of counsel to the Board:—
While in the course of considering the question submitted for our opinion in reference to the claims of newspaper proprietors presented to you under chapter 375 of the Laws of 1872, the proprietor of the Daily Democrat commenced proceedings by mandamus to compel the andit and allowance of his particular claim. These proceedings afforded an appropriate opportunity to have the questions as to the meaning of the statute judicially determined. We accordingly advise that the question should be presented on the part of the Board and decision obtained defining the powers and duties of the Board.

Upon these questions an argument has been had before Judge Barrett, sitting at Chambers, who has taken the papers for consideration.

As this decision will be a guide to your action in passing upon other claims of the same kind, we would recommend that they be held under advisement, to the end that they be deligned to the court.

SALARIES OF COUNTY EMPLOYES TO BE EXAMINED.

The claims of Julius Funkel, M. D., for medical attendance at the County Jail, from September 1 to December 31, 1871, for \$133 34, and of Charles M. O'Connell, for salary as Clerk in the County Bureau for the last three months of 1871, amounting to \$375, were laid over. John Burke, janitor of the Fourth District Court, was present, demanding the salary now due him, \$1,125, up to the 1st of June, 1872. He argued his own case before the Board, but his claim went, with many others of the same character, to the above named counsel, under the following resolution, which was adopted:

Resolved, That the pay roll of the several District and Folice Courts of the city of New York remaining unpaid for the year 1871 be referred to the counsel of this Board to examing and report at their earliest convenience upon the authority for and the legal compensation of each person named thereon.

SALARIES IN CITY DEPARTMENTS.

The expenses under the head of salaries in the Comptroller's office show at this time a reduction Comptroller's office show at this time a reduction of over \$116,000 per annum, compared with the amount of saffires of the department when Mr. Green assumed the duties of the office, in September last. Not only has this material economy been effected in the Department of Finahce without detriment to the business of the office, but in the courts also, where the law conferred upon him some control over the expenses, by a curtailment of the court officers from 210—the number in September last—to 125—the number when the courts were given the authority to appoint their own officers—thus reducing the expense of the city for the salaries of these superfluous attendants from \$252,000 to \$150,000—a difference of \$102,000 in favor of the city.

A NEGRO JURY IN KENTUCKY.

LOUISVILLE, Ky., June 20, 1872. A negro, named John Wagner, who was stabbed by another negro, named William Reynolds, on board the steamer Robert Burns, May 29, died in the Marine Hospital yesterday. The Coroner sum-moned a jury of negroes, the first of the kind ever, formed in Kentucky, and the jury rendered a ver-dict against Reynolds. SELF-INFLICTED MALPRACTICE.

Probably Fatal Result-Statement of the Victim.

Another suspicious case in Bond street was yesterday brought to the attention of Coroner Young. About a week ago a Mrs. Angle Porter, a young married woman, living at the corner of Sixth avenue and Tweifth street, called at the residence of Mrs. Willard, a widow lady, residing at No. 32 Bond street, and stated that she had had a miscarriage, and asked permission to remain over night. Mrs. Willard, being acquainted with the lady, granted the request, and the next day Mrs. Porter's physical condition not being improved she was allowed to remain. Dr. Hogan, of No. 57 Bleecker street, who had attended her corner Twelfth street and Sixth avenue, was subsequently called to attend Mrs. Porter and found her suffering from the effects of a miscarriage. She continued to grow worse, which greatly alarmed Mrs. Willard, who, fearing her guest would die in the house, seemed anxious to have Mrs. Porter removed to avoid such a result. So anxious was Mrs. Willard for the removal that she expressed her intentions to Dr. Hogan. He wrote Mrs. Willard a note, in which he said:—

Should you have her (Mrs. Porter) removed in her present condition and thereby hasten her death, as I believe uch removal would do, you will be held accountable for he consequences by the authorities.

ent condition and thereby hasten ber death, as I believe such removal would do, you will be held accountable for the consequences by the authorities.

With this note Mrs. Willard yesterday afternoon visited the Coroner's office and insisted that one of the Deputy Coroners should forthwith proceed to her house and hear what Mrs. Porter had to say. Mrs. Willard stated she would not have the patient die in the house and have a coroner's inquest held there for all she was worth.

Deputy Coroner Marsh subsequently called to see Mrs. Porter, whom he found in a very precarious condition. During an interview that followed Mrs. Porter admitted that about three weeks ago she purchased in Third avenue a box of pills and took half of one for the purpose of producing a miscarriage; but that not having the desired effect she took a whole pill, and was afterwards treated at her residence, in Sixth avenue, by Dr. Hogan. She nearly, or quite, recovered, and on Thursday of last week took a trip to Newark, N. J., to visit her husband, who is there held a prisoner on the charge of being concerned in robbing a jewelry store. On her return to this city in the cars they ran off the track, by which she was injured internally, and from these injuries she is now suffering and likely to die. Mrs. Porter says, in the most peremptory manner, that there was not an operation performed upon her by a doctor or midwife, and that no one but herself is responsible for her sickness.

Mrs. Willard, who seems to be a charitable, kindhearted woman, seems satisfied that she has learned the truth, and will do all in her power to

learned the truth, and will do all in her power to allay the sufferings of her unfortunate patron. Mrs. Porter is about twenty-two years of age, and a na-tive of Portland, Me.

NEW YORK CITY.

James Rose, of 61 Poplar street, Brooklyn, was overcome by the heat at pier 21 East River yester-day, and was taken to the Park Hospital.

John Miller, aged twenty-seven years, of Bergen, N. J., was overcome by the heat at the corner of Church and Cortlandt streets yesterday afternoon, and was taken home.

James Barry, aged thirty years, of 345 West Fortyninth street, was overcome by the heat at the corner of Barclay street and Broadway yesterday, and was taken to the Park Hospital. At a meeting of the Department of Docks held

yesterday Mr. M. F. Watson, the engineer, reported that he had struck upon a large vein of fresh water at pler 51 North River. It is clear and cold, and the volume was estimated at fifty gallons a minute. It was not the Rev. Alfred Harris, of Hoboken,

that apeared before the Police Court over which Judge Cox presided yesterday, as reported, but another man, who gave the same name and ad-At the last meeting of the Philharmonic Society the following officers were elected for the ensuing season:—George T. Strong, President; E. Bochm, Vice President; D. Schaad, Secretary; G. Beis-heim, Treasurer; C. Bergmann, Conductor; Matz-ka, Bergner, Rietzel, Hill, Reiff and Bernstein, Directors.

The Committee of the Board of Aldermen Radde, Joyce and Plunkitt—appointed to hear the views of property owners in relation to the proposed widening of Broadway from Seventeenth to Twenty-third street, met yesterday afternoon. Several gentlemen opposed to the widening were present, but no action was taken on the matter up to four P. M.

Henry Gannon and Patrick McGloin, two boys from the Twenty-first ward, were held in default of \$1,000 bail each to answer at the Yorkville Police Court yesterday. They were accused of being sneak thieves, having stolen \$50 worth of silverware and a gold watch and chain worth \$150. People would do well to look out for boys of this description, who go round pretending to be selling kindling wood.

Joseph Reford's lager beer browery, located at Nos. 521 and 523 West Twenty-fourth street, was seized by Collector Coster's revenue officers day, they having obtained evidence that beer was being made there in an illicit manner. The revenue authorities took possession of \$75,000 worth of machinery and other property, against which they have brought a suit to have it con-demned and sold. The seizure is the first large one that has been made in this city for over a year.

It will, no doubt, gladden the eyes of the old friends of Public School No. 35 to see by the follow-ing figures that the old school still retains the popularity and efficiency that have distinguished it for many years among the public schools of the city. At the recent examination for the admission of candidates for the New York College School No. 35 sent one quarter of the whole number of candi-dates. No. 35 had admitted 110 boys. The next highest number sent from any one school was forty-six.

Augusta D. Smith, proprietress of a "female boarding house" at 46 East Twentieth street, was locked up in default of \$500 bail yesterday morning, upon complaint of Elizabeth Mix, of 105 East Fourteenth street, charged with keeping a dis-Fourteenth street, charged with keeping a dis-orderly house, where reputed thieves and drunk-ards are in the habit of quarrelling and fighting at ail hours of the day and night. The woman and four female inmates and three male persons found in the house at the time the visit was made by the police were arraigned before Justice Cox, at Jeffer-son Market, yesterday morning. They were all discharged with a reprimand, except the woman Smith, who is at present in durance vile at the Jefferson Market prison.

ATTEMPTED STRANGULATION OF AN OLD WOMAN.

Mrs. Mary O'Connor, a woman sixty years of age, residing at No. 450 West Forty-first street, yesterday got into a row with a neighbor named Mrs. Herman Blann. Without having caused much injury to each other they were separated, and matters resumed their usual quiet until the arrival home of Herman. He went for Mrs. O'Connor, whom he found in her room and commenced most determinedly to choke her to death. It took the united strength of three female neighbors to take his fingers off his victim's throat, who, when relieved, was beginning to get black in the face. Judge Coulter, at the Yorkville Police Court yesterday, held Herman to answer at the Special Sessions.
